

CERTIFICATE

The company

Swedol AB
Importgatan 23
SE-422 46 Hisings Backa, SWEDEN

is granted authorisation according to STANDARD 100 by OEKO-TEX® to use the STANDARD 100 by OEKO-TEX® mark, based on our test report 20-28432-3

for the following articles:

Workwear including woven and knitted fabrics made of aramid, cotton, FR viscose, lyocell, modacrylic, polyamide, polyarylate, polyester, viscose and wool in different fiber combinations, with or without antistatic fibers, elastane and lamination, with inherent flame retardant properties or with flame retardant finish. Including accessories such as adhesive tape, elastics, embroidery- and sewing thread, heat transfer print, hook and loop fasteners, ID-card pocket, interlining, labels, padding, ribbon, seam sealing tape, sew-on and heat transfer reflective tape, zippers, metal- and plastic accessories. (Partly based on material already certified according to STANDARD 100 by OEKO-TEX®)

The results of the inspection made according to STANDARD 100 by OEKO-TEX®, Appendix 4, **product class II** have shown that the above mentioned goods meet the human-ecological requirements of the STANDARD 100 by OEKO-TEX® presently established in Appendix 4 for products with direct contact to skin.

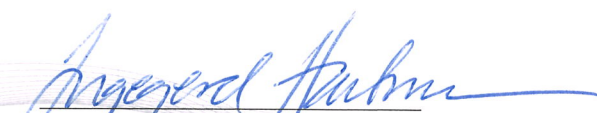

The certified articles fulfil requirements of Annex XVII of REACH (incl. the use of azo colourants, nickel release, etc.), the American requirement regarding total content of lead in children's articles (CPSIA; with the exception of accessories made from glass) and of the Chinese standard GB 18401:2010 (labelling requirements were not verified).

The holder of the certificate, who has issued a conformity declaration according to ISO 17050-1, is under an obligation to use the STANDARD 100 by OEKO-TEX® mark only in conjunction with products that conform with the sample initially tested. The conformity is verified by audits.

The certificate SE 11-204 is valid until 27.03.2021
